The Clearfield Hospital School of Nursing

The Florence Nightingale Pledge

I Solemnly pledge myself before God and in the presence of this assembly to pass my life in purity and to practice my profession faithfully. I will abstain from whatever is deleterious and mischievous and will not take or knowingly administer any harmful drug. I will do all in my power to maintain and elevate the standards of my profession, and will hold in confidence all personal matters committed to my keeping and all family affairs coming to my knowledge in the practice of my profession. With Loyalty will I endeavor to aid the physician in his work and devote myself to the welfare of those committed to my care.

Dedicated To:

Mrs. Shirley W. Ettaro, R.N., B.S.

We, the members of the classes of 1960, 1961, 1962, wish to dedicate this Yearbook to Mrs. Shirley W. Ettaro, may we never forget the many things you have done for us. As we continue in our profession, we, will always look to you as our "ideal" in nursing.

Dear Students:

This is a happy occasion for me, to congratulate you at this time as Graduates of the Clearfield Hospital School of Nursing.

Many memories you will take with you and many you will leave behind.

In looking back now, it seems such a short time, packed with many fond remembrances and also with some heartaches. But they were beautiful years and now, a new horizon is opening before you. Make the most out of it, for the knowledge which you have acquired is now to be used to help mankind.

Uphold your profession, for it is a proud one for all to see.

Finally, best wishes and good fortune to each and all of you and may God bless you.

Sincerely,

Paul E. Loubris
Administrator

Dear Students:

You bring to the sick and weary the youthful
"spark" and intelligent loving care that is so necessary
in our school.

We will think of you often and may we always
have a student.

Sincerely,

E. Jane Kinkead

Words of Wisdom

"Learning only takes place
when there is a change
in behavior."

--Anonymous

"Every man has two educations -
that which is given to him, and
the other, that which he gives
himself. Of the two kinds, the
latter is by far the most
valuable. Indeed, all that is
most worthy in a man, he
must work out and conquer
for himself."

--Jean Paul Richter

"Poise is an expression of
inner serenity."

--Mary Beery

"The attitude that you will be
working with people, rather
than doing things for people,
will do much to build
confidence and insure success,
and will enable you to share
responsibilities with others."

--Malcolm S. Knowles

"God grant me the serenity
to accept things I cannot
change, courage to change
things I can, and a
wisdom to know the
difference."

--Anonymous

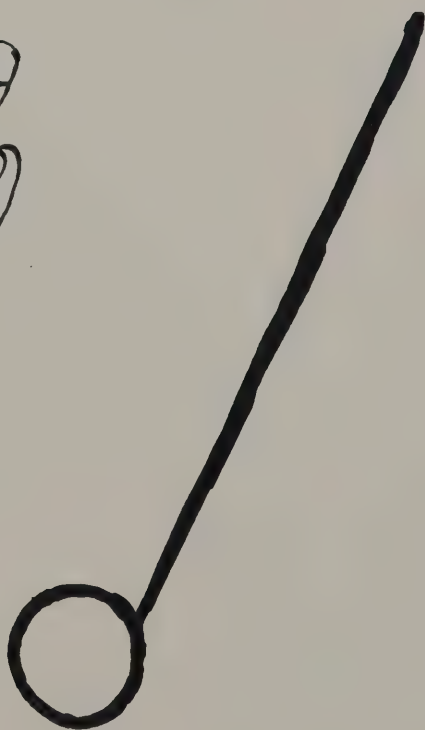

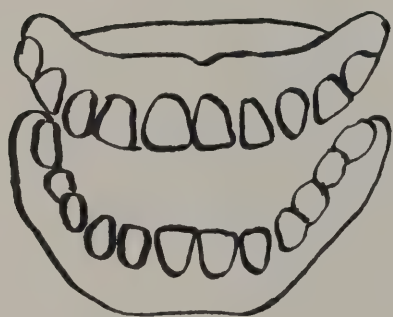

"All the world's a stage,
And all the men and women
merely players;
They have their exits and
their entrances;
And one man in his time
plays many parts. . ."

--William Shakespeare

"Even if you are on the right track, you will get run over if you
just sit there."

E. Beck, C. Smith, B. Brehm, J. Miller.

History

On the eighth of June 1960, a group of twenty-seven happy but slightly frightened girls who were to be the class of 1963 started the long road toward nursing. Six months later on the seventeenth of December, we received our caps, our first milestone.

In October 1961 we started our affiliations with seventeen of us going to Warren. In November the remainder went to Philadelphia. In August 1962, our affiliations will be completed, taking us well into our senior year.

Freshmen - 1962

FRONT ROW: B. Stake, J. Johnson, E. Forester, C. Bloom, S. Bloom, N. Burchill, G. Mollura, E. Smith,
SECOND ROW: K. Brown, C. Angelotto, M. Scott, K. Crippen, L. Denochick, D. Hile, J. Bouse, M. Watts,
A. Hamburger, D. Kosin, S. Detweiler, P. Lilly, J. McNally, N. Kaczkowsky.

History

On June 9, 1961, twenty-nine girls eagerly entered Nurses' School. After three months of studies, we embarked on a long awaited two weeks vacation in September. We returned to be greeted by old friends and more classes and work. In October, initiation took place and was climaxed by a Halloween Party at which we entertained the upper-classmen with a talent show.

The months passed quickly and soon December was at hand. At long last we received our caps on the fifteenth of December at breakfast. After a tea in the afternoon our parents and guests, we went home for a two week Christmas vacation.

The year has passed quickly and now we are looking forward to becoming juniors with the arrival of the new freshmen class in June.

Class
of
1960

History of Class 1960

We, the class of 1960 entered the nursing profession with a total of twenty-nine girls with determination of the days to follow. At this time new acquaintances were being made and each girl was filled with delight and enthusiasm about her new profession.

On June 10, 1957, we began our Penn State Courses. For the next three months many hours were spent studying and striving for the days when these would be finished and exams would be over, each one waiting for our vacation.

Our three weeks vacation in September of 1957 were enjoyed by everyone, but we were ready to return and start our next step in our profession; each girl working diligently for her cap, which is our crown and symbol of the nursing profession. This will always be remembered as a beautiful ceremony and a very special event in our lives.

In the next months, our continued studies along with various activities such as swimming, picnics, parties, and dances kept us very busy.

On June 8, 1958, we became juniors, another step in our ladder to success. With smiles and reassurance from the upperclassmen we toiled on through our studies and clinical experience. Among the social highlights of that year was the Christmas dance held at the Country Club. We began our affiliations which sent us to Warren State Hospital for psychiatric work and to Philadelphia General Hospital for pediatrics. Even though this separated our class, it is a part of our training of which we hold fond memories.

Again, in June 1959, we became seniors. Our senior year was filled with professional courses and senior seminars along with an active social life. This year was climaxed by graduation day. As we took those last steps of our training, we looked back with fond memories, but look forward to fulfilling one of our goals in life.

1961

Class History of 1961

The history of our class starts on that memorable day, June 3, 1958. That was the day twenty eager and excited girls entered the Clearfield Hospital School of Nursing to begin their careers as student nurses. At first we were frightened at the prospect of being alone and on our own for the first time. But with the help of the upperclassmen and the different activities which they had planned, we soon became acquainted with our new surroundings and each other. Orientation - that was the by word of the first week. At this time we were taught a little of the history of our school and its uniform.

"Then came classes!" Chemistry with those seemingly endless experiments, Anatomy and Physiology and our "friends" the cats, on which we worked; sociology and Dr. Rommel. Last of all microbiology and ??? We will never forget the hours we spent studying and preparing for our daily quizzes, then came the finals. Suddenly, almost unbelievably, the summer was over and we began a much needed vacation.

In September we returned, refreshed and ready to start anew. Our new classes were closely related to our clinical experience. We then began to carry out procedures on the clinical areas, that we were taught in class. Psychology helped us to understand better the patient as a person; fundamentals of nursing taught us how to care for the patient and nutrition and diet therapy helped us plan nourishing meals. Before we realized it; we had accomplished our first magic goal.

December 19, 1958, seventeen girls, no less eager or less excited, than the first day, received their caps. Then we were officially freshmen.

In our Junior year we looked forward to our affiliations. Three months at Warren State Hospital and three months at Philadelphia General Hospital. In those six months we gained much experience and knowledge. Then came our special departments - Maternity, Operating Room, Recovery Room, Physical Therapy and finally, but by no means least, the Emergency Room.

June, 1960 arrived and we became Seniors. We now thought the road ahead of us would be much easier but to our surprise it was much harder. Our time was divided between classes and the clinical areas. On the clinical areas we were given more responsibility. We worked charge nurse on days and nights. In classes we were finishing our courses and preparing ourselves for State Boards.

We wish to extend our thanks to all who have helped us along our way. This training to us is memorable and will always be treasured.

A Nurses Prayer

Because the day that stretches out for me,
Is full of busy hours, I come to thee
To ask Thee, Lord, that thou wilt see me through
The many things that I may have to do.
Help me to make my beds the smoothest way.
Help me to make more tempting every tray.
Help me to sense when pain must have relief
Help me to deal with those borne down by grief.
Help me to take to every patients room,
The Light of Life to brighten up the gloom.
Help me to bring to every soul in fear,
The sure and steadfast thought that Thou art near.
And if today, or, if tonight, maybe
Some patients in my care set out to sea
To face the great adventure we call death,
Sustain them, Father, in their parting breath.
Help me to live through this live-long day,
As one who loves Thee well, dear Lord, I pray;
And when the day is done, and evening stars,
Shine through the dark above the sunset bars
When weary quite, I turn to seek my rest,
Lord, may I truly know I 've done my best.

Letter To Our Parents

Dear Parents,

We wish to thank each of you for your guidance, love, understanding, and financial support during the past years.

We fully realize the hardships you have faced while helping us secure our goal in life. In our new role as graduate nurses, we hope to prove worthy of all your expectations.

Your daughters
of
'60, '61, '62

Class
of
1962

History of the Class of 1962

June 5, 1959 was a very eventful day in our life. We enthusiastically greeted new faces and new surroundings - a vast field was laid at our door step. Doubts and fears filled our hearts that first night. Would we make good Nurses? Would we fulfill our duty? The summer program was difficult at times, but onward we struggled. Finally December came. We will never forget the night we received our caps by candlelight. The proud faces of our parents in the audience and that certain glow in the eyes of the faculty portrayed "a job well done".

Our Junior year was one of travel and excitement. One could never forget those happy, fun filled moments at Warren State Hospital. Psychiatry opened another horizon in our lives. Philadelphia was perhaps one of the most benefiting and rewarding aspects of our education. Not only did we learn the subject "Pediatrics", but we also learned the life of the student nurse in the city. We probably saw more of Philadelphia than the native Philadelphian. One remark was, "The only thing we missed was the Betsy Ross House."

Most of all, we will never forget the many friends we made on both of these affiliations. We look back on these days with tears in our eyes, wishing we could relive just a few of those happy moments.

Our senior year was one of hard work, study and many new projects. At last, we were reunited and friendships were made stronger. We had class projects, the most laborious, being the float we constructed for the Christmas Parade. Our thoughts will always include the Christmas Dinner-Dance, the first successful social event of this kind in our School. Seminars and special classes emphasized "remember state boards". Early in February we embarked another project. Clearfield School of Nursing was to be host for the Mock Convention, - may we add, this was another "first" for Clearfield. By working with students from Philipsburg and taking a sincere interest in this project, the Mock Convention not only was successful, but was an asset to the community. Senior night out and the Alumnae Dinner proved that graduation was near. Our Climaxing moments were graduation. We walked to the stage with misty eyes through which we saw each other achieve that long awaited goal. We were in the midst of fulfilling our duty to God and our country. Was it possible that we, who had doubts and fears three years ago were embarking on the profession we had chosen? It would never have been possible without the assistance we received from parents, friends, faculty and doctors - may we thank all of you.

What does the future hold? We cannot perceive the entirety of the future, but through prayer, hard work and loyalty to our profession we hope to make this a better world for all mankind.

Physical Education 2,3

Yearbook Staff 3

Student Nurses Association

The other member of the "Organizer and reformer" partnership - A fanatic about English - Vibrant - Planning a future profession in New Jersey.

Night Nurse:

The last whispers have been stilled;

The corridors are dimmed, and now the reign
Of rigid calm begins. The air is filled

With bits of strange half-sounds that tell where pain
Still lingers, unsubdued. Her step unheard

Save by the listening ones, the night nurse moves
From room to darkened room with a whispered word

For the frightened, Her hands erase the grooves
From brows held taut in sleep. The darkest storm

Abates, and panic dies in the arms of a warm
And radiant wraith, an angel in uniform.

THE SCHOOL OF NURSING
CLEARFIELD HOSPITAL
CLEARFIELD, PA.

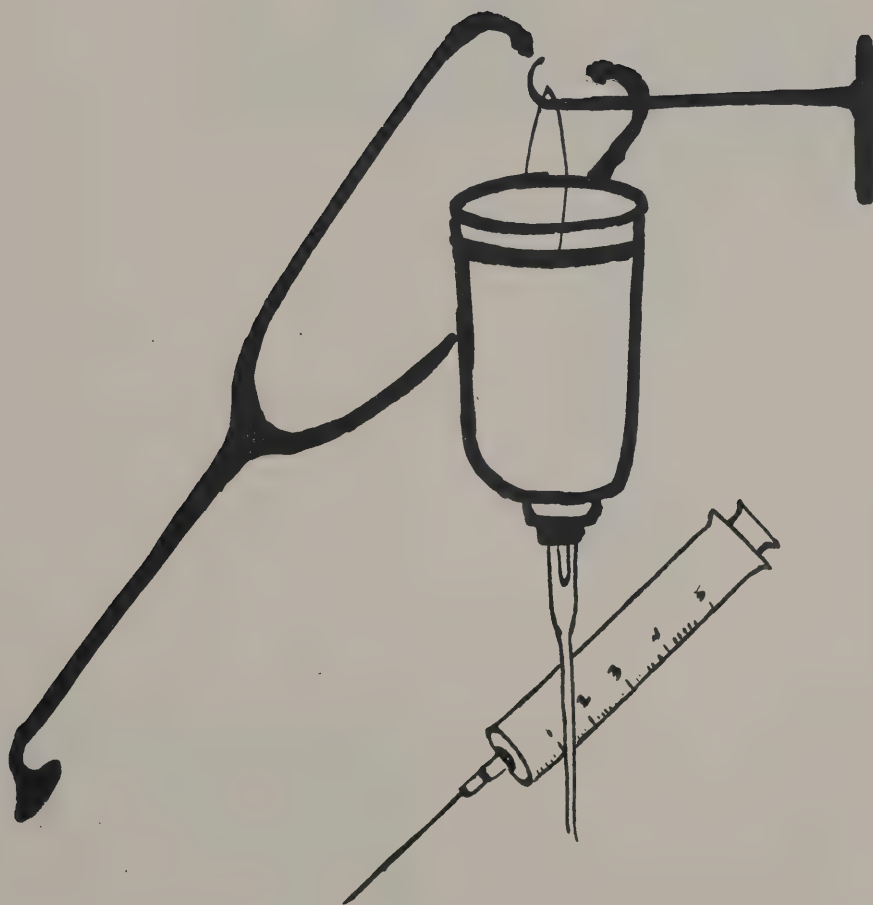

We wish to thank the doctors who have willingly contributed time and money to improve our educational and social activities.

To the faculty a special thanks for all your help and guidance in our various activities and projects throughout the years. Last but not least a sincere thanks to Veronica Pirow, who has given many hours to our physical education program.

We know we will never be able to completely repay you, but we wish to say thank you in our humble sort of way.

Gratefully Yours,
The Classes of 1960, 1961, 1962
